### Organizations the Rev It Up 5K supports

**Mason Parks and Recreation Common Ground Project:** Common ground is an all-inclusive playground designed to encourage children and adults of all levels and abilities to interact with each other. The educational and interactive environment will go well beyond the requirements set by the Americans with Disabilities Act. Common Ground will be located near US 42 and Snider Road in Mason.

**Easterseals of Greater Cincinnati:** Their main purpose is to provide individuals with disabilities, at-risk youth, and veterans with specialized job training to help them find a career. They want to break down the barriers to employment for people with disabilities, facing disadvantages and veterans. Easterseals works with Project Search to help place people at various companies within the greater Cincinnati community.
