Help Produce New PPE Solutions

Ohio businesses and nonprofit organizations need personal protective equipment, which remains in short supply. We are working to solve that issue through the ingenuity of Ohio companies and their employees. The Ohio PPE Retooling and Reshoring Grant Program provides funds to help businesses innovate and create solutions to the PPE shortage.

Who is eligible?

Small and medium-sized manufacturers that retool existing facilities to make PPE or reshore PPE production to Ohio. The funding provides up to \$500,000 per facility.

Needed PPE:

- Surgical masks
- Gowns
- Gloves
- Community masks
- Face shields
- Thermometers
- Hand sanitizer
- Cleaning and sanitizing products
- Other products and solutions
