

**Safety Webinar: *How to Conduct a Safety Program Evaluation and Facility Safety Inspection***

*Presented by Gary Hanson, President  
American Safety and Health Management Consultants, Inc.*

**When: February 10, 2021 - 9:00 a.m. – 11:00 a.m.**

***An excellent format that allows companies to self-evaluate their safety program.***

The Safety Evaluation covers 3 basic areas:

- Key Elements of the 10 Step Business Plan
- Employee Safety Training
- Major OSHA standards that small companies should comply with

There are 50 questions, and each company can evaluate how they are doing when they answer each. You can measure your score at the end to see how you are doing.

The Safety Inspection Checklist:

- Makes it easy for companies to use when conducting a Safety inspection of their facility
- It is easy to use and covers multiple Key OSHA items
