Workers' Compensation and How Safety Affects Small Business Profitability

11:00 a.m. - 12:00 p.m.

July 13, 2021

Small businesses play an important role in the economy, employing over half of all workers in the U.S. private sector. They have unique challenges with occupational health and safety, and are more likely to face financial instability than larger firms due to a severe injury (or injuries). This webinar will explore the challenges small businesses face managing their safety program and workers' compensation policy.

* BWC is accredited by IACET to offer 0.1 CEUs for this webinar. Completion of this webinar also qualifies for a variety of BWC discount program credits based on employer participation.

- To receive one hour of online training credit for BWC programs, provide a BWC policy number during registration, attend the whole session, and pass the knowledge assessment.
- When your registration is complete, you will receive a confirmation email with instructions for joining the webinar. It is recommended you click the link within your email approximately five minutes before start time.
